**KAWARTHA PINE RIDGE DISTRICT SCHOOL BOARD  
STRATEGIC DIRECTIONS 2015 – 2018**

**Strategic Priorities Update; September 2018**

## **KAWARTHA PINE RIDGE DISTRICT SCHOOL BOARD**

### **Living, Learning and Leading in a Changing World 2015-2018**

#### **Strategic Priorities**

In a rapidly evolving world, a good education is fundamental to future, long-term success. An exceptional education, however, prepares students to lead change, create new and significant ideas, and solve important global issues.

Our strategic plan, Living, Learning and Leading in a Changing World 2015-2018, is the result of an almost year-long consultative process with students, staff, parents and community members who completed a public survey through our website.

We heard strongly from our stakeholders about the need to focus not only on academics, such as literacy, numeracy and science, but also on the essential areas of overall well-being; including inclusion, and mental and physical health. Building on this foundation, we heard about our important role in providing meaningful, real-world learning opportunities, from the effective use of learning technology, to partnerships with parents, community agencies and post-secondary institutions.

The Kawartha Pine Ridge District School Board supports a world-class education for well over 30,000 students in 91 schools spread across our jurisdiction. This is supported through central departments in Teaching and Learning, Business and Corporate Services, and Human Resource Services, as well as through system-wide portfolios including Safe, Caring and Restorative Schools, and Equity, Diversity and Inclusion.

Highlights of ongoing work through our central departments include:

**Teaching and Learning** continues to provide support to schools through:

- Instructional and curriculum supports JK-12
- Oral language and early reading strategies for students in Kindergarten to Grade 2
- Alignment of child care services, professional learning, wrap-around services, and play-based instructional programming in Kindergarten

- Critical literacy / higher order thinking skills K-12 through a comprehensive literacy strategy
- Assessment for learning culture/strategy in all classrooms that respond to student needs
- Differentiated instruction / tiered approach to intervention
- First Nation, Métis, and Inuit education
- Modern/digital fluencies that augment student learning
- Children and Youth Mental Health and Well-being Strategy
- Professional Learning Communities that focus on visibly improving culturally relevant and responsive pedagogy and/or competencies through the structure of collaborative inquiry
- Multi-disciplinary teams in the area of special education to provide clinical and programming expertise to schools for students with special needs to succeed in the inclusive classroom
- Self-regulation program to support students with behavioural needs.

**Business and Corporate Services** continues to provide ongoing service in the following areas:

- Business and Finance: budget management and administration, payroll, purchasing, reporting (enhancing public confidence through proactive planning and workforce management implementing departmental plans with foresight and collaboration)
- Information and Communications Technology: network, administrative and school support
- Facility Operations: custodial, maintenance, and energy management (developing modern learning environments by taking advantage of opportunities to implement changes to physical space and technology through sustainable financial strategies)
- Strategic Planning and Projects: planning, property, engineering, strategic projects and support (incorporating analysis and action plans to support maximizing the stewardship of resources).

**Human Resource Services** continues to provide ongoing service in the following areas:

- Staff recruitment and hiring processes
- Support to the annual teacher staffing process
- Responsibility for the non-teaching personnel staffing process
- Labour Relations including collective bargaining, and collective agreement administration
- Health and Safety
- Attendance support processes including the long-term absence programs
- Employee benefits administration
- Employee performance evaluation processes

**Student Success** continues to lead and support the following areas:

- Specialized Programming: Dual Credits, Specialist High Skills Majors, Ontario Youth Apprenticeship Program
- At-Risk Student Support through school Student Success teams, re-engagement programs and community partnerships
- Guidance and Career Pathways education and training
- Instructional Technology through eLearning, and blended learning
- Student Achievement in secondary schools with a focus on instruction and student engagement
- Program Safety

**Safe, Caring and Restorative Schools** – ongoing work in this area includes:

- **Violent Threat Risk Assessments** – this process guides schools and our community partners in working together to identify individuals who may be at high risk of committing serious violence. Its goal is to prevent possible violent incidents, to keep our schools and communities safe.
- **Restorative Practice** – is an effective approach to teaching, learning and keeping schools safe. It is a way of thinking and acting as a community. It focuses on strengthening relationships, to deal with conflict or tension positively.
- **Student Incident Reporting** – supports the whole-school approach to addressing behaviours that may lead to suspension and/or expulsion.
- **Long-Term Suspension and Expulsion Program** – is an intensive intervention program to support students who have been suspended and/or expelled from school. The program focuses on academic and non-academic (counselling) support that is designed for each student with the goal of returning to school.
- **KPR Website** – provides students, staff, parents and community members with current information and resources about many topics related to safe, caring and restorative schools.

Focused strategic priorities for the next six to twelve months are outlined in the following document.
